Net Zero Building spread over 48000 sq mtrs

Conceived back in 1960, Jaquar Group was built on the platform of highest quality standards, aesthetics and with the intent of providing world-class products. Today, Jaquar Group caters to luxury, premium and value bathroom segments with Artize, Jaquar and Essco brands, respectively, for residential and commercial sectors across the globe.

# The best for the last 6 decades

For over five decades, Essco, the bath fittings brand has been synonymous with affordability and sustainability. A great value-for-money brand, Essco is an offering from Jaquar Group - India's leading name in complete bathroom solutions.

Essco pioneered the concept of branded bath fittings in India and is today one of the most respected names in the market, nationally. Good quality, affordable pricing, impeccable customer service and a 10-year warranty promise have made Essco the leader in its category of bath fittings since 1960 and it is well set to maintain the same position in the future too.

The Essco story is all about helping customers realise their ambitions of a better quality of life through better sanitation. As a result, affordability was key in designing and delivering a product that was not only functional but also promised great aesthetics at an easy-to-own price. Essco believes in the power of the common man's dreams and has aligned its business practices towards the same. Essco has been supporting affordable and sustainable housing in India. This approach remains embedded in the ethos even as the brand rapidly expands its footprint in Tier II and Tier III cities across India. Today, Essco provides the best option and opportunity to shift unorganised/non-standard quality segment to standard quality products.
